

'Pompano Air-Park (PMP) - Runway Safety'

Pompano Air Park - class D, was build in the second world war. PMP has 3 runways, private airplanes, flight schools, "Good Year" blimp, and a lot of General Aviation activities, under the control of the FAA.

The airport, owned by the city of Pompano Beach, is surrounded by a golf course, shopping centers, private homes and more.

Airport activities need to be done in cooperation with local authorities, to insure the highest level of safety at all times. This is the focus of our seminar.

Directions: From I-95, take Atlantic Blvd East, make left on Dixie highway, and right on 10th St. Drive East, till the entry to the airport.

After entering the airport, take perimeter road - left (West), and drive all the way to "Socata".

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
